SENATOR ALLARD ANNOUNCES \$46 MILLION USDA LOAN GUARANTEE FOR RURAL ELECTRIC INFRASTRUCTURE IN COLORADO

Washington, D.C. – U.S. Senator Wayne Allard (R-Colorado) announced today a \$46 million USDA loan guarantee to the Tri-State Generation and Transmission Association for rural electric infrastructure throughout Colorado.

“I am extremely pleased to announce this loan guarantee,” Senator Allard said. “Especially in light of the blackouts that much of the nation experienced this summer, this marks an important step in ensuring that Colorado’s rural electric infrastructure is thoroughly modernized.”

This loan will fund electrical transmission and generation projects throughout rural Colorado, including the construction and modernization of electrical substations as well as upgrades to transmission lines.
