## ALLARD'S COMMENTS ON INTELLIGENCE REPORT SAYS REPORT VERY DAMAGING TO CLINTON ADMINISTRATION

Washington, D.C. — U.S. Senator Wayne Allard (R-CO) a member of the Senate Select Committee on Intelligence said today the report issued by the committee on technology transfer to the People's Republic of China is "extremely damaging to the Clinton-Gore administration."

"This report is extremely damaging to the Clinton-Gore administration, and demonstrates how harmful these unauthorized transfers of technology to the People's Republic of China have been to our countries national security," Allard said. "It is clear from the report that these transfers have enabled China to greatly enhance their intercontinental ballistic missile program."
